# EVER LASTING LOVE

AUTUMN/WINTER 14/15

For their ten-year-anniversary the designers have chosen to celebrate with their new autumn/winter collection, aptly named “Ever Lasting Love”.

The choice of colours also reflects the interplay of yin and yang, with black and white dominating, as the main emphasis of the collection. Whilst a striking flame red innovatively expands the colour palette of Kaviar Gauche, this romantic accent also serves as an allegory for the entire collection as well as mirroring once more the motif of love.

The highlights of the collection, in addition to the glamorous evening dresses, are dinner jackets and dinner capes that perfectly highlight the striking interaction of femininity and masculinity. Feather details, again, reprising the past Bridal Couture collection, are also shown.

Condensed around the core theme of love, signature pieces are tailored to express that. In addition to heart-shaped bag designs, clutches with playful bow details round off the accessory range, in the collection palette of black, white and flame red. The bow details are also present in the shoe designs, which again play with feminine/masculine extremes with classic high heels and an equally classic men’s shoe in dandy look.

To top it all off, the designer duo go to town with opulent bridal hats in Borsalino style, echoing the 70s and referencing style icon Bianca Jagger’s wedding.
