

<p><b>Dylan Dalmatian</b></p> 	<p>Dylan is a smart and soulful tween but a bit of a worrier. The dutiful first-born boy of his high-powered mother, he's now at that age where he longs to break out and be his own dog. He has a deep desire to prove himself, and believes he can help save the world as a scientist and explorer. If he can make the crazy domestic ecosystem of the Dalmatian Street household function, why not the whole planet?</p> <p>Dylan is a big thinker with a poetic side, who has personally figured out many of the processes, routines and gadgets needed to make the house work. He works closely with his apprentice and first mate Dawkins, the prodigiously gifted young engineering expert, to actually make these ideas happen.</p> <p>Dylan takes pride in his responsibilities and is often left to do the chores. He is naturally cautious with an compulsion for health and safety with nicknames like 'Captain Safety Pants' and 'Captain Clean Up'!</p>
<p><b>Dolly Dalmatian</b></p> 	<p>Confident, optimistic and daring, Dolly often leaps without looking, talks without thinking loves to learn new tricks on her skateboard. She's a natural jock: physically gifted and highly competitive. Her trigger word is 'can't' and she never says no to a challenge—but she often takes things too far. Her goals change daily but always revolve around doing something bigger, faster or crazier than ever before. Gregarious and hyper-social, she thrives on the company of her friends and siblings and feels lost and insecure when she's alone.</p> <p>Dolly is her Dad's top dog. Dolly's approach to puppy care is distinctly "paws-off", so she often causes as many headaches for her brother as the younger pups. Dolly has two BFF's outside the dotty household, Roxy the Rottweiler and Snowball the Pomeranian.</p>
<p><b>Delilah Dalmatian (Mum)</b></p> 	<p>Top medical specialist Mum (Delilah) works alongside the clueless Doctor Dave, who didn't really know what he was doing until this doggy doc showed up. <p>Dawkins Dalmatian</p> 	<p>Dawkins is Dylan's first mate, lead gadget boy, and the chief engineer of the house but sometimes, being seen as Dylan's sidekick can really start to grind his gears. He may be a total logic hound who doesn't get emotions, but he's very attached to his space doll Princess Positron. Dolly and Dylan often dash off leaving him in charge and lumbered with the pups - 'Oh kibbles!'</p>
<p>Diesel Dalmatian</p> 	<p>Diesel is a rough and tumble young pup who's obsessed with digging, he may not be the smartest, but he was blessed at birth with the most amazing sense of smell. Dylan is a little jealous of his younger bro's natural talent.</p>
<p>Dizzy and Dee Dee Dalmatian</p> 	<p>These sweet, affectionate, naive young pups idolise their big sis Dolly and will follow her anywhere. Even if it's into trouble! Okay, especially if it's into trouble. Girl jocks in-training, they're curious, energetic and up-for anything.</p>
<p>Dorothy Dalmatian</p> 	<p>Dorothy is the youngest and sweetest puppy of them all, so young that she doesn't even have any spots yet. Wide-eyed and innocent, she brings out everyone's protective instincts, especially Dylan's, and is capable of uniting the family during times of strife. But watch out, she can't help chewing things, toys, furniture and tails!</p>
<p>Deepak Dalmatian</p> 	<p>Deepak strives for peace and calm for all dog-kind and is usually in search of his inner cat but on the inside he is the most stressed pup! Deepak tries to find clarity and relaxation through meditation but is destined to a life of mess and chaos (with his 98 siblings).</p>
<p>Dante Dalmatian</p> 	<p>Dante is an eternal pessimist who always predicts doom and gloom. He always thinks the end of the world is nigh and occasionally, he's right. Almost. But usually, he's just disappointed when his apocalyptic predictions don't come true.</p>
<p>Da Vinci Dalmatian</p> 	<p>A paw print street artist with a style all her own, Da Vinci sees the world differently from other dogs. She may be hip and urban, but at heart, she's a sensitive pup and a dreamer with soul, integrity and a unique point of view.</p>

<p>Delgado Dalmatian</p> 	<p>Delgado is the fastest dog in the family with wheels replacing his hind legs. He talks fast, thinks fast, sleeps fast, loves sport and looks up to his big sister Dolly big time. Meanwhile, he'll do anything to avoid playing Dylan's favourite geeky board game, "Poodle Wolf - Quest for the Golden Chew Toy". It's just not his speed.</p>
<p>Clarissa Corgi</p> 	<p>Clarissa is the Dalmatian family's snooty next-door neighbour, who likes to spy on the 'ruff raff' and get them in trouble with her human, Hugo. She always keeps the puppies' balls and chew toys when they stray over the fence... which is often. Her best frenemies are Arabella Shih Tzu and Prunella Pug who secretly enjoy the uncouth antics of Clarissa's neighbours!</p>
<p>Prunella Pug and Arabella Shih Tzu</p> 	<p>Prunella and Arabella are Clarissa Corgi's snooty best friends, and just like Clarissa, these posh, pampered pals are quick to look down their snouts and pass judgement on the Dalmatians. But for fear of missing out, Clarissa's fickle sidekicks would drop her in an instant at the chance of having fun.</p>
<p>Constantin Cat</p> 	<p>Next door at 99 Dalmatian Street lives pompous cat, Constantin. He craves peace, quiet and dignity, but he is ritually robbed of all three on a daily basis due to his dotty dog neighbours. Constantin enjoys hosting zen parties and yoga sessions for his fellow feline friends and Deepak, his spotty protégé. He lives a minimalist lifestyle in a sharp contrast to his messy neighbours.</p>
<p>Fergus Fox</p> 	<p>Irish charmer, Fergus, is Dylan's best non-dalmatian friend and is part of the infamous 'Canal Crew'. Savy and streetwise he likes to take Dylan for a walk on his wild side and generally get up to all sorts of mischief.</p>

She ensures that the pups are kept in check but is also a fierce protector of the Dalmatian Family and would do anything to warrant their safety.</p>
<p><b>Roxy Rottweiler</b></p> 	<p>Dolly's BFF number one, Roxy may be a super slobbery Rottweiler on the outside, but she's 100% girly-girl on the inside. Sweet-natured, overly emotional and loyal, she believes Dolly can do no wrong and willingly follows her into any and all scrapes. With a bad case of 'only dog' syndrome, Roxy just adores hanging with Dolly and her furry, fun-lovin' fam!</p>
<p><b>Snowball Pomeranian</b></p> 	<p>Dolly's second BFF Snowball is a pampered Pomeranian with nerves of steel. She may look like a powder puff but she's got more guts than Dolly and Roxy put together. Her pet Stanislav is the only thing holding her back from saying it how it is... literally with a leash!</p>
<p><b>Hansel Husky</b></p> 	<p>Blue-eyed and dreamy, hunky Hansel is always leaving Dolly tongue tied. Flirtacious, cool and popular, Hansel is blissfully unaware that he is Dolly's crush. He also shares a love of the arts with his poetry buddy Dylan and enjoys getting into character in the roleplay board game, Poodlewolf.</p>
